"Where the Sunny South and Golden West Meet"

It is not often—

that you have the opportunity of taking advantage of a Sale of coins such as this, comprising over Twenty-Seven Hundred lots of good, clean, numismatic material.

Regardless of what your numismatic interests may be, I feel that you will find something of interest to you in this huge Sale.

Also, in addition, you are assured that your bids will be taken care of by me in a manner that **WILL** be satisfactory **TO YOU**.

The class of service I render is best expressed and illustrated in a recent letter from one of my clients, of whom I accepted the return of an auction lot, the error of which was not on my part. He expressed himself as follows:

“I realize the responsibility for the coin I am returning, but I also realize your long reputation as one who does not ‘sell’ coins, but who renders service and satisfaction to those who deal through you.”

“**SERVICE AND SATISFACTION**” is just what **YOU** will receive at this as in all my sales. So please send your bids in early.

Cordially yours,

B. MAX MEHL.

Terms of Sale

PLEASE READ BEFORE BIDDING

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

I CHARGE NO COMMISSION FOR EXECUTING BIDS.

Lots sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at **SO MUCH PER PIECE**. If there are ten pieces in a lot and you want to offer \$1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalogue. This guarantee holds good indefinitely.

NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much **PER PIECE**.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me must send a deposit covering at least 25 per cent of their bids or send satisfactory reference, otherwise they will not be accepted, as I cannot be expected to ship goods to parties whose good standing is not known to me.

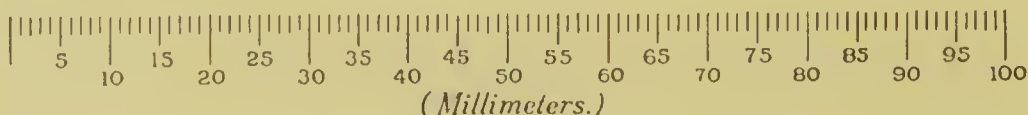

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, **CASH WITH ORDER**. This is surely the cheapest and best method to keep posted on the prevailing prices of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Tuesday, December 18th, 1923.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

The size of Coins and Medals in this catalogue is given in Millimeters.

Reverse, JOS. LESHER'S REFERENDUM SOUVENIR in upper circle, near edge. Seal of the State of Colorado, including its motto, divides 1 OZ. COIN; below, SILVER. PRICE 1.25. M.F.D. VICTOR. COLO. 1900. This specimen is numbered 145. Fine. Rare. Small slanting die break below M in BUMSTEAD. Apparently, only 500 specimens of this variety were struck, as none are known numbered smaller than 100 nor larger than 600.
- 931 1900 Type No. 2 as last, No. 148, but without die break below M. Mr. Cowell's note accompanying this specimen states as follows: "This is the only specimen of varieties of Bumstead which does not have the die break. The only one I have ever seen. I have seen a great many. Excessively rare." Practically uncirculated.
- 932 1900 Type as last, No. 154. The usual die break and small die defect on one corner. Very fine. Rare.

- 941 1900 **Third Type.** This type is the same as the second type but without scrolls at sides of the State Seal. These are numbered between 600 and 1000. While this is considered the least rare type of the series, it is nevertheless, very scarce, and, as Mr. Zerbe states in his article,—“It is surprising that so many pieces with a cash value of \$1.25 each, should almost completely disappear within a few years in a small town like Victor. But two known specimens were left in the town in 1914, both framed and on exhibition and valued by their owners at \$10.00 each.” Since the above was written by Mr. Zerbe, these pieces have brought up to \$30.00 each. This specimen is numbered 636 and is in practically mint state. Rare.
Although there follows quite a number of duplicates, it must be remembered that this is the largest number ever offered, that Mr. Cowell most persistently collected these pieces, endeavoring to obtain as many different numbers as possible.

“Numismatic Food for Thought”

My last seven sales—just seven sales, mind you—
totaled over Fifteen Thousand Lots (15,800 to be
exact), an average of over **TWO THOUSAND
LOTS** per sale! And all good Numismatic Material,
too. **AND REALIZED THE HUGE TOTAL SUM
OF \$129,358.76 CASH.**

If you contemplate the sale of your Collection, please
bear this in mind: That it wasn't because I'm so good-look-
ing that Collectors placed with me over a Hundred Thou-
sand Dollars' worth of coins in so short a period of time.

And it wasn't because that I am a Democrat and in
Texas that the Collectors of the country spent such a huge
sum with me.

There are no secrets about my success. It's all simple,
hard facts. My statements are backed by **TWENTY
YEARS' SUCCESSFUL BUSINESS**, together with **FINAN-
CIAL RESPONSIBILITY** to guarantee you against loss of
ANY kind.

I go after—and get—business by intelligent hard work
and extensive advertising, spending more money for adver-
tising in one month than all other Numismatic markets
spend in a whole year. I simply mind my business and mind
it well.

So—If you have **ANY** Numismatic business to “mind,”
all I ask of you is that you just let me **SHOW** you that I
can “mind” it for you to your highest satisfaction and
profit.

Write me now and often.

A Word About Priced Auction Catalogs

With the limited number of sales now taking place, and the still smaller number of priced catalogs or lists to be obtained, **THIS SALE** with its over Twenty-Seven Hundred Lots of coins of the world—(think of it, over 2700 lots, about as much as four other sales combined)—offers you a most advantageous opportunity for the best and cheapest investment you can make. Just Fifty Cents will get you the Price List of this huge Sale, showing you in plain figures just what each and every coin sold for. Coin book or books up to Five Dollars in investment would hardly give you as much up-to-the-minute information as you will obtain here for just Fifty Cents.

Better order your Price List right now—while you are thinking about it. A convenient order card is sent you with this catalog.
